

The CSHM Exam Preparation eLearning Workshop

The Certified Safety and Health Manager (CSHM) designation is the preferred certification for Health and Safety Managers. Requirements for CSHM certification include passing an exam administered by the Institute for Safety and Health Management. **If you are planning on taking the CSHM Exam, preparation is essential for success.**

Robert Trinkleback, M.Sc., CSHM, CSP, CPEA, has created a highly successful Exam Preparation Workshop with the specific goal of training candidates to pass the CSHM Exam. As a safety professional, you already know your field. Trinkleback's **Learn–Recognize–Check** system provides you with a systematic method for preparing to pass the CSHM exam. It focuses your attention on what you need to know, and helps you identify your weak areas as well as your strengths.

The **CSHM Exam Preparation eLearning Workshop** gives you access to Trinkleback's proven strategy for exam preparation, with online briefing notes targeted to the four subject areas in the CSHM exam and the opportunity to take practice tests until you achieve mastery.

Who is Robert Trinkleback?

Robert Trinkleback has a Master of Science degree in Safety Management from West Virginia University, and 30 years experience in Corporate Safety Management working for both large and small companies. He holds three fully accredited safety designations: the CSHM (Management), CSP (Engineering), and CPEA (Auditing).

For more information about CSHM certification and the CSHM exam, please refer to the Institute for Safety and Health Management (ISHM) www.ishm.org.
